ANB LC Application Form Product Key

Why this form: This is a form to collect all the relevant information of customers. It has been designed to allow customers to fill their information before obtaining a LC, which will expedite the processing of their LC. Features: 1. Numeric keyboard to input value 2. The data in the form is well formatted and 3. Automatic submission to the bank Steps of filling in the form: 1. The user needs to enter their personal details and the bank account details in the relevant fields 2. Check if there are any alerts in the bank. 3. If the user has entered a valid card, they will be taken to the LC Application Form. 4. If the user has entered an invalid card, they will be brought back to the form to enter the required details again. 5. Once the user has entered all the relevant details, they will be taken to the LC Application Form where the information is submitted and payment from the bank is made. What to do in the event of alerts in the bank: If the user has entered an invalid card, the bank is alerted to reject the request of the user. The user is then informed that they must reenter their details. Screenshots: Google Docs Form This is an example of a Google Docs Form for the Sellers America International...
