Scan documents, find text, and crop them all in one go! Clever Crop scans documents and finds text, then creates a mask for you to crop. You can crop text, or crop the background around it. Behance's Writing Centre in a Can As an interesting way of demonstrating the effectiveness of writing, Behance have put up this little flash to give us a good idea of how a book would look if it was made of crayons. As you can probably see, it's basically all the things we don't normally associate with proper books. The video is a bit long, but if you've got any questions just leave a comment below or tweet us @Breadcrumbs. You Can Design Your Own Book Cases | Glimbook This is a video tutorial of how I made my own book case. I took an IKEA Tivoli frame and added a large shelf with 4 slots. I covered the inside with a fabric and then stapled in place. I used scrapbooking glue to put my books in. To finish it I added a doorknob and brass screws to keep it together. This project was fun and I am sure your... Tips For Traveling With Kids In NYC Get these 7 tips from New York mom, Elle Skinner, to help you survive as a family while traveling in New York City. Are you getting ready for your next trip to New York City? Well, make sure you have the right gear because you'll be on your feet all day. Whether you are with your kids, in their car seat, or stroller, the city is full of bumps and bruises, so here are a few tips to make sure you and your family survive in the Big Apple. Find a comfortable and steady ride. When you are traveling with kids, you don't want to find yourself in a random ride with a random driver who is driving erratically or speeding. Take the time to read about the company, make sure the company has a good rating, check the reviews, and go online to read all the information you can. If the company isn't listed, you may want to consider another ride
