Perfect PDF Master 1.0 build 1690 Rating: 5 of 5 Perfect PDF Master 1.0 build 1690 I have used many programs to turn documents into PDF files and this one is by far the best. You can even change the background, fonts, colors, placement, etc. For example you can put a photo as a background. No program I have ever seen allows you to change the text to one you want like this program. I have given many recommendations and there has not been a better program for turning documents into PDF

files. I have used programs from Microsoft Office, and the only one I found that rivals this program is the PDF creator that is built into Microsoft Office. It is also a little bit better as it allows you to create a document as well as PDF and save it as a separate file, but it does not allow you to change the text to one you want like this program. The only drawback is that you can only print it from the program, and not in Microsoft Office. It is also a little bit slower then this program. Rating: 5 of 5 Stars! Please vote for this software!
