

0 Torrent Alexa Datos Silkroad by Marcus Chowdhury National Prison Hospice Association. It says that hospices run by government agencies are supported, among other things, by high costs for medical staff. The San Antonio and San Rafael hospices, which treat 13 patients, have also been valued at \$9.5 billion by the National Trust. Fresno and San Mateo hospices have also been able to raise about \$7.5 billion and \$4.1 billion, respectively, to the state budget. According to AMPZ Health Department Director Claudia Holland, total medical and maintenance spending in American prisons is about \$30 million. in year. According to 2012 agency reporting, in 2012 the cost of inmate care increased by 6.4% from \$2.44 billion to \$2.53 billion, while the cost of diagnosis and treatment increased by 4.6% from \$3.08 billion. dollars in 2011 to 3.13 billion dollars. It turns out that the cost per prisoner in an American prison is more than twice the average cost of medical care in public institutions. In prison medicine, there are a number of problems associated with insufficient effectiveness of treatment and social adaptation of convicts to life in the penitentiary system. In particular, according to research organizations, prison medicine annually brings the country about \$150 million in government spending alone, but only \$29 million of this goes to medical care. According to the study "The Future of Medical Care in Pentatonia" conducted by the National Institutes of Health in 2011 and 2012, on average, about two-thirds of inmates in US prisons develop chronic diseases and cancer, with the incidence increasing with the number of prisons and convicts growing every year. For example, in 2011-2013 prostate cancer and lung cancer were diagnosed in 33 thousand prisoners (14% of the total number of prisoners), and in 2010 - only 17 thousand (6%). In 2011, 20 thousand cases of pneumonia and about 60 thousand cases of tuberculosis were recorded, while in 2009 - only 8 thousand (4%). In 2008, 10 thousand cases of acute respiratory infection were recorded in the prison, and in 2009 - 5 thousand. "Over the past 20 years, morbidity and mortality among prisoners in prisons and institutions has not decreased. On average, every year in US prisons, deaths from 1
